

## 2025 WILD WEST SHOOTOUT RULES

### **\*\*MANDATORY MUFFLERS REQUIRED FOR ALL DIVISIONS\*\*\***

Schoenfeld Part # 112530, 112535, 113035 and 14272735-78 are the **ONLY mufflers allowed** to be used at Vado Speedway Park for the WWS at ALL TIMES. Cars failing to comply will face severe penalties up to and including race and/or event disqualification.

### **\*\*NO SIGNAL STICKS ALLOWED IN ANY DIVISION, BEGINNING WITH 2025 EVENT.**

## **Super Late Model Rules**

### **TIRES**

- LF, LR and RF: Hoosier NLMT 2, NLMT 3 (*No 29.0 / 92.0 allowed on front tires or left rear tire*)  
RR: Hoosier NLMT 3 or NLMT 4
- Grooving and siping will be allowed.
- No chemical alterations or treatments – tire sampling in effect

### **BODY / SUSPENSION / WEIGHT**

- Droop rule will be in place for 2025. 51” max measured 6 inches in-board of the left rear t-bar with the left rear tire ONLY off the ground. Up to 1/2 of an inch over is a 4 position penalty. Over 1/2 of an inch up to 1 inch over is an 8 position penalty. Anything over 1 inch is last place. Chain limiter required with maximum of one 1 inch puck. All other suspension rules as per the 2024 DirtCar or Lucas Oil Rulebook.
- No internal bumps or springs on LR shock
- All other Body and suspension rules: 2024 Lucas Oil LMDS / WoOLMs
- WEIGHT – 2300 pounds minimum anytime (No Burnoff)
- SPOILER – 8”
- No Data Acquisition or traction control devices

### **Modifieds**

- You must be 100% legal within the 2024 USRA Modified Rules. ***The IMCA-stamped Hoosier G60s are an optional tire on all four corners also.***

**X Mods** – Must declare a rules package below and be 100% compliant with the package you declare.

- A. USRA B-Mod racers – must be 100% legal within the 2024 USRA B-Mod rules found at <https://usraracing.com/ClientFiles/Images/Files/2024-USRA-B-Mod-Rules.pdf>. Concept engine with 4-barrel carburetor must run a rev limiter with a 6200-rpm chip.
- B. WISSOTA Midwest Modified racers – you must be 100% legal within the 2024 WISSOTA Midwest Modified rules posted at [www.wissota.org](http://www.wissota.org) along with the following requirements: 1) You must run a rev limiter with a 7000-rpm chip 2) You must run the American Racer kk704 tire on all four corners 3) You must run a solid pull bar 4) Concept engine with 4bbl Carb. must run a rev limiter with a 6500-rpm chip
- C. IMCA Southern Sport Mod racers – you must be 100% legal within the 2024 Southern Sport Mod rules posted at <https://www.imca.com/rules/southern sport mod/> with the following exceptions: 1) You may run the Hoosier G60-15 tire on both rear corners if you choose. Hoosier 500 Series tires must be run on both front corners.
- D. IMCA Northern Sport Mod racers – you must be 100% legal within the 2024 Northern Sport Mod rules posted at <https://www.imca.com/rules/northern sport mod/>
- E. Vado Speedway B-Mod/X-Mods—you must be 100% legal by the 2024 Vado Speedway X-Mod rules <https://vadospeedwaypark.com/wp-content/uploads/2024/01/2024-Vado-Speedway-Park-X-Mod-Rules-1-2-1-1.pdf>.
- F. DIRTcar Pro Modifieds - You must run the stamped G60 or the American Racer KK704 <https://dirtcar.com/rules/division-rules/dirtcar-midwest/dirtcar-pro-modified/>

***\*\*Please note that IMCA Sport Mods may run the American Racer KK704 as long as they are running the balance of their complete IMCA Sport Mod rule package.***
